Criteria 7.1.3

Describe the facilities in the institution for the management of the following types of degradable and non degradable waste.

Vijaynagar college premises is a vast campus including the library, conference hall, auditorium and various laboratories. Also, many large trees are also present in the campus. Due to the presence of various trees large amount of dried leaves and phyto-wastes are generated every day. Similarly as the college runs the science stream many chemical -wastes are also generated.

So, management of these various kinds of wastes needs a different and critical approach.

Solid waste management bin is set up in the main campus so that the solid wastes are collected and managed to prepare bio manure. Papers, plastics and wet wastes like wasted food etc is segregated and disposed with the help of local municipality assistance.

Vermicomposting pit: some dried smaller leaves are extremely easy to convert it into useful manure. So vermicomposting pit is set up next to solid waste pit. Management of vermicomposting pit is headed by the students team. Plans are under progress to use the same vermicomposting pit as the research area for the students of zoology due to the fact that project is compulsory for final year students.

Rain water harvesting is now done to the recent building (auditorium) and is managed by the department of botany and zoology and plans are under discussions to have a full-fledged rain water harvesting project for whole college buildings.

Chemical wastes of department of chemistry are wholly collected every month by the local municipality authorities bases on the need of disposal.

Electronic wastes are ~~are~~ minimum wastes generated every year. Local authorities hav till now collected these wastes based on the need of the college.

7.1.8

2018-19

We give a philosophical outlook to our students. Each caste and religious group can maintain their distinctive characteristics features. This is the basics of our unity we conduct many cultural events on the independence day and on the republic day. We play Indian dramas and western dramas and patriotic songs. We can students from all the regions and states of India. We teach as many languages, i.e., Kannada, Telugu, English, Hindi, Tamil and Urdu. We collect only maintenance fee from the economical weaker from the society. We always encourage diverse languages and cultures.

pic:01:202: We give more importance to our mother tongue Kannada literature is in existence for the last 2000 years. "Sharana-sahitya" is an important segment and Jagadguru Basaweswara gives a new era with sharana sahitya for gender equality. We conducted a special lecture program on sharana sahitya on 18th September 2018. Prof. Basavaraj department of English, govt 1st Grade college Hospet give a special lecture and other dignitaries to addressed the gathering more than 150 students participated in program.

Criterion 7: Institutional Values and best practices

In the College campus, greenery plays a very important role for the healthy well being of students. As students are assets of our college, it is our responsibility to inculcate social values in them. Greenery enables them to know the value of natural resources and their conservation. Our college is surrounded with so many trees which purifies the air and provide enthusiasm to students and faculty.
