

7.1.8 Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 500 words).

The institution believes in equality of all cultures and traditions as is evident from the fact that students belonging to different caste and religion are studying without any discrimination. Though the institution has diverse socio-cultural background and different linguistic, we do not have any intolerance towards cultural, regional, linguistic, communal, socio economic and other diversities. With great fervour the national festivals, birth anniversaries and memorials of great Indian personalities like Mahatma Gandhi, Sardar Vallabhbhai Patel, Dr. Bhimrao Ambedkar, Sarvepalli Radhakrishnan, Lal Bahadur Shastri are organised in the college. On birth anniversary of Sardar Vallabhbhai Patel on October 31, institution celebrates Rashtriya Ekta Diwas (pledge is taken by staff and students on National Integration Day) every year. The institution organizes a week-long Yuva Saptaha and Cultural festival on event of Swami Vivekananda Jayanthi. The students have wider opportunity to explore their talents and skills during this event. Birth anniversaries and memorials of great authors, poets and scholars like Kuvempu, Kanakadasa, Valmiki are organised. NSS Units of our college participate in various programmes related to social issues organized by other colleges. The annual camps conducted by the NSS units of the institution helps to provide tolerance and harmony towards cultural, regional, linguistic, communal, socio economic and other diversities.

The institution conducts programmes regarding the above subjects and makes the students to participate in the same. Apparently, the programmes of B.A, BCom, BSc and BBA have subjects on the same either as core paper or non-core paper introduced by the university. The teaching of the above subjects is carried out with utmost care by the faculty members in such a way that the students are sensitized and the awareness gives them a sense of responsibility to mould their attitudes and behaviour to respect and values of various diversities of India. The following table gives a bird's eye view of the outcome of core and non-core papers.

7.1.9 Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Describe the various activities in the Institution for inculcating values for being responsible citizens as reflected in the Constitution of India within 500 words.

Management is fully aware that education cannot be limited to classroom instructions alone. Besides the studies, the college feels that it is the moral responsibility to groom the students for becoming responsible citizens and contribute to the progress and development of the nation. The national anthem which has singularly brought synergy among the citizens of this country is sung by the student's every End of the function. This ritual reposes the national pride and sense of belonging to the nation.

The National Unity Day is also celebrated every year in the college on the occasion of Birth anniversary of Sardar Vallabhbhai Patel. On this day 'Pledge of Unity', 'Ekta Rally' is organized in the Hoasapete city.

The institution is sensitizing the students and employees to the constitutional obligations by way of conducting various programmes. The institution inculcates patriotism by celebrating all national days including Independence Day, Republic Day, environmental day, Gandhi jayanthi, national unity day, international yoga day, national youth day, national hindi diwas, telugu bhasha dinotsavam, Martyrs' Day, World Day Against Child Labour, Teachers day, World Ozone Day, World Aids Day, national voters day.

The institution while conducting any function it will commence with prayer and ends with National Anthem.

The institution celebrates national hero's birth days to cherish and follow the noble ideas that inspired the national struggle for freedom.

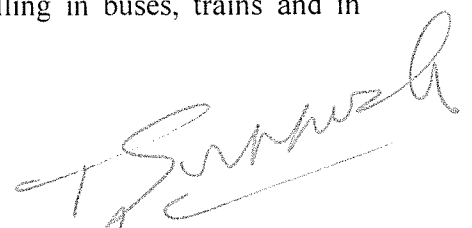

During the national wars and disasters, the institution raise to the occasion and collects donations and materials from students, parents and staff and donate to the needy and show their unity.

To promote the spirit of harmony and brotherhood amongst all the students, the institution celebrates various festivals and preserves the rich national heritage of composite culture of India.

The enrollment of girl's students outnumber the boys and women staff are more than men.

The institution celebrates Environmental Day to protect and improve the natural environment. The students are taken for field trips botanical tours and inculcating the habit of protecting the lakes, wildlife, rivers, forests, etc.

The students are educated to protect public property while travelling in buses, trains and in public places.

CRITERIA 7.1.7

Initiatives taken by the institution to make the campus eco-friendly

Vijayanagar college premises is a vast campus including the library, conference hall, auditorium and various laboratories. Also, many large trees are also present in the campus. Due to the presence of various trees, large amount of dried leaves and Phyto-wastes are generated every day. Similarly, as the college runs the science stream, many chemical -wastes are also generated.

So, management of these various kinds of wastes needs a different and critical approach. Solid waste management bin is set up in the main campus so that the solid wastes are collected and managed to prepare bio manure. Papers, plastics and wet wastes like wasted food etc is segregated and disposed with the help of local municipality assistance.

Vermicomposting pit: some dried smaller leaves are extremely easy to convert it into useful manure. So vermicomposting pit is set up next to solid waste pit. Management of vermicomposting pit is headed by the students' team. Plans are under progress to use the same vermicomposting pit as the research area for the students of zoology due to the fact that project is compulsory for final year students.

Rain water harvesting is now done to the recent building (auditorium) and is managed by the department of botany and zoology and plans are under discussions to have a full-fledged rain water harvesting project for whole college buildings.

Chemical wastes of department of chemistry are wholly collected every month by the local municipality authorities' bases on the need of disposal.

Electronic wastes are minimum wastes generated every year. Local authorities' have till now collected these wastes based on the need of the college.

ANNUAL REPORT OF 2017-2018

1. World Environment day is celebrated on June 5 every year. For a normal man to live happily oxygen is essential, every person consumes nearly three oxygen cylinders a day and the cost of each oxygen cylinder is say Rs.700/- then we require nearly Rs. 2100/- per day and for one year total cost will be around Rs 7,66,500/- and if the normal span of human life is say 65 years then he has to expend crores of rupees to inhale the oxygen which is quite not possible

At the same time, we get so much oxygen at a free of cost from trees , still we cut the trees brutally.

To mark the celebration, we implant plants around the campus to the campus green and carbon free

Our college Governing body Chairman, Principal distributes flower pots to the peoples of the society to motivate to develop the plants

Report on Digital Library

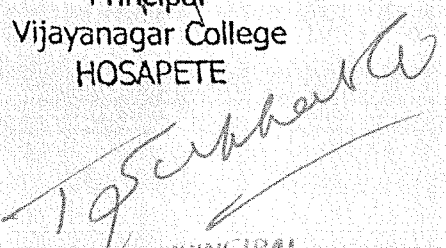

Now-a-days various sectors in the world are running behind digitalization. In fact, Education system is one such sector. Digitalization enhances the success rate; we proudly say that we are a part of Digital India. Our college is provided with a Digital library which enable students to have all books at one window. Student are super happy to grab knowledge at broad range.

As change is the only thing that doesn't change, the physical reading is slowly switching to e-reading. One of the major advantages of digital library over traditional library is students can understand the topic and clarify their doubts then and there at one go.

Criterion 7: Institutional Values and best practices

In the College campus, greenery plays a very important role for the healthy well being of students. As students are assets of our college, it is our responsibility to inculcate social values in them. Greenery enables them to know the value of natural resources and their conservation. Our college is surrounded with so many trees which purifies the air and provide enthusiasm to students and faculty.

BEST PRACTICES

1. Cultivation and Conservation of Botanical plants and Medicinal plants in and around our college premises

Ayurveda is practiced and utilized by Indians as *Traditional medicine* since many centuries. Ayurveda is a great asset of our Nation, So, its our prime duty to inculcate values of *Botanical and Medicinal* plants, their uses and conservation among students. Plants are inseparable part of human's life, we depend on them directly or indirectly for our entire life to fulfill our basic needs like Oxygen, Food Shelter and so on.,

These medicinal plants being *marvels of our Mother Earth* provide major source of molecules with the medicinal properties due to presence of natural compounds. So, It's our whole and sole responsibility to conserve them for our upcoming generation.

Criterion -7 INSTITUTIONAL VALUES & BEST PRACTICES

7.3 Institutional distinctiveness

7.3.1 Provide the details of the performance of the institution in one area distinctive to its vision, priority and crust .

We take maximum care to cover the syllabus in time ,to conduct I & 2nd Internals and to conduct NCC , NSS camps and all the sports events. We are given to the understanding that body & mind health is the base print for the successful conduct of all the above activities. Hence we take very special steps i.e, YOGA and MEDITATION classes.

Concentration and body health is all that makes a man very great and great achievers throughout the world. INDIA is known as a land of tapas, yagnas, homas, meditation ,yoga and suryanamaskars, etc., very rich persons and big temples perform yagnas & homes we promote yoga and meditation for the great improvement of our students. Meditation is becoming more and more popular throughout the world. It has become acceptable for almost all the people in the world. For example sri sri Ravishankar gurujis ART OF LIVING and BABA RAM DEV's Pathanjali YOGA have become very popular throughout the world. We started our own YOGA centre at the "CONFERENCE HALL" at VN college , Hospet. Seating arrangements are there for 50 students we have fixed the timings from 10.40 am to 11.30am. we have decided to invite 'great meditators' for special lecture to our college. Students regularly

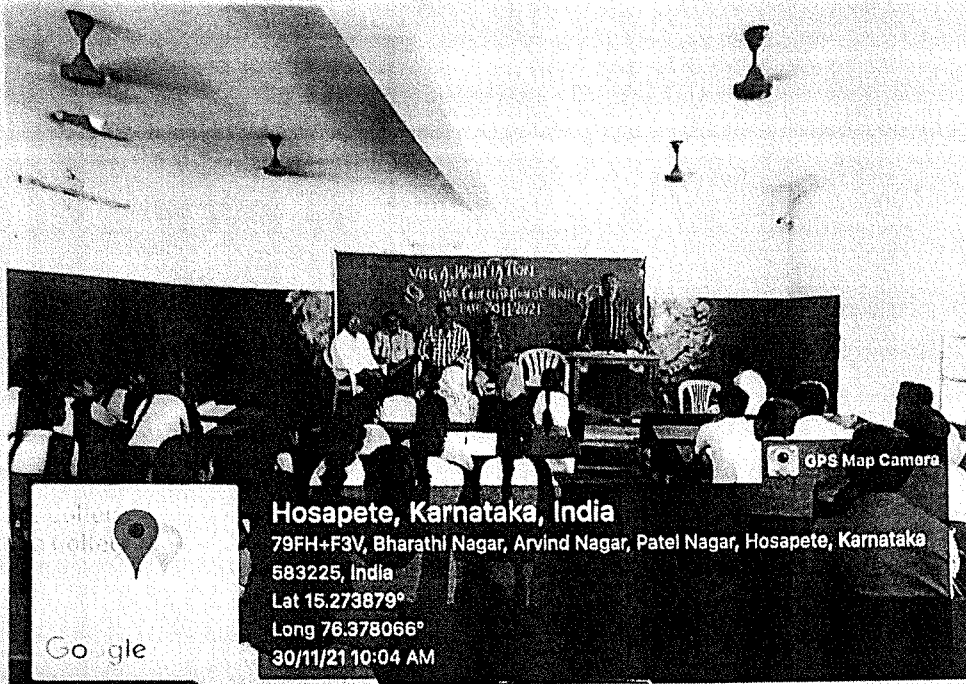

attend the class and are enjoying better mental and physical healths. They are scoring very good marks with their higher concentration levels. They are also enjoying great body healths.

We arrange special lectures by inviting great "YOGASANA EXPERTS". They further improve the students 'CONCENTRATION SKILLS' as 'CONCENTRATION' makes all the difference. We are sure that with better concentration skills the students all round performance reaches sky-high levels.

The chairman of our college Sri Asundi B. Nagaraj Gond addressed the B.Sc V sem (CBZ) students to actively participate in such programmes and make use of it properly. The principal of our college Dr. M. Prabhu Gouda gave presidential speech.
