Visiting Time: 10:30 Am to 11:50 Am

**Programme Manager - Mr.Syed Noor Basha Deshpande Startups, HUBBALI
KARNATAKA**

Place: Hubli

Program explanation:-

1. YUVA Entrepreneurship;- program provides a platform to nurture promising ideas brought up by young minds to build their respective ideas into prototypes/products. A

unique program where student communities are trained to build their entrepreneurial mindset along with a dedicated team of mentors and resources available in the ecosystem.

2. The EDGE program:- EDGE is a 12-week Pre Incubation Program to Support Founders at their early startup stages and create sustainable ventures by prioritizing Problem Validation, Market Research, Customer Discovery and thereby understanding nuances of entrepreneurship.

3. Incubation program:- Founders are driven by the passion to solve problems through startups, however, they need a supportive environment that brings together the resources required to enable their growth. While such supportive ecosystems are available in growing metro cities, founders hailing from Bharat (rural and semi-urban India) as well as aiming to impact Bharat lack these local supportive ecosystems.

4. Accelerator Program:- To accelerate the growth of startups by providing them knowledge, tools, resources and expertise – enabling them to build new market connections and skills to rapidly scale their ventures.
