The name was given as the world-famous historical place the Vijayanagar kingdom (Hampi), the baston of art, culture and valour which culminated in the golden age of the great king Sri Krishnadevaraya, is located just 12 kilometer away from Hospet. It was inaugurated by the then vice president of India H.E.Dr.Zakir Hussain, in the high presence of Sri S R Kanti, Karnataka state education minister. The college is located at the prime area in the city. VNC – HPT offers UG courses – B.A., B.Com., B.B.A., B.Sc. & B.C.A., along with PG courses – M.A., M.Com., M.Sc. VNC-HPT has the legacy of completing 50 years of existence in educational sector amidst the snail-rate progressing Kalyana-Karnataka region. It has played a pivotal role in imparting quality education with the optimum mixture of curricular, co-curricular and extra-curricular activities [sports, cultural activities, educational/industrial tours, study excursions, seminars, conferences, management fests etc] which paved path for uplifting educational standards of this region.

## About the Program:

We are living in the era of disruption; the beginning of second decade of 21st century has witnessed a chaotic disruption in the form of Covid-19 pandemic. Entire world experienced stern jolt and is yet to come out of it. Existing norms, processes, procedures, strategies and practices are no more feasible in post pandemic times. Almost all the disciplines are looking for a transformational change in order to achieve agile adaptability to unprecedented, fast paced and disruptive changes taking place in the present times. Hence, universally acknowledged fact holds good even today, I.e., - **“Adapt or Perish”**. In order to sow the seed of adaptability among the faculty who in turn, can make the students more adaptable, an initiative is taken by the **Government First Grade College – Sandur and Vijayanagar College - Hosapete**, to create an exclusive academic interactive forum to learn, discuss, disseminate, practice and adapt to changing conditions, so that faculties can unlearn the old dichotomies and learn the new developments, subsequently transform students to be more adaptable and productive.

Research plays a significant role in expanding the knowledge horizon of the faculties and realization of aforementioned transformations. With an aim of encouraging faculties to take-up research as serious aspiration and enabling them change according to changing conditions – this unique workshop has been designed.
